

BRAND IDENTITY PRESENTATION
8-PAGE GENERATION PROMPT BOOK

READY-TO-COPY IMAGE GENERATION PROMPTS

This document contains the complete Page 01–08 prompt sequence prepared from the requested EVIX brand identity presentation. Use the uploaded EVIX logo as the exact reference for every page.

PAGE 01 — Logo Identity & Construction

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 01, using the uploaded EVIX logo as the exact and exclusive reference.

Keep the original logo geometry, typography, proportions, spacing, symbol, and red accent completely accurate. Do not redesign or reinterpret the logo.

Create a sophisticated dark-theme brand presentation with the EVIX logo as the main hero element. Present the logo prominently in the upper/central area. Below and around the logo, show its precise geometric construction using professional construction lines, circles, grids, alignment guides, spacing relationships and proportional geometry.

Show the logo first as the clean primary mark, followed by a realistic 3D interpretation and then its geometric construction.

Minimal text only: EVIX / LOGO IDENTITY / GEOMETRIC CONSTRUCTION. Use sophisticated dark charcoal/black background, subtle red accents, precise thin construction lines and generous negative space. No unnecessary decoration, distorted geometry, duplicate logos or AI artifacts. A4 portrait, HD, ultra-detailed, premium corporate brand identity presentation.

PAGE 02 — Color Palette & Applications

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 02, using the uploaded EVIX logo as the exact and exclusive reference.

The main focus is the EVIX brand color palette. Carefully analyze the uploaded logo artwork and extract the exact original colors directly from the logo. Do NOT guess, approximate, brighten, darken, reinterpret or modify the colors. Display the precise HEX color codes corresponding to the actual logo colors.

Create refined color swatches showing exact brand color, accurate HEX code and professional labels. Below the palette, create premium rounded rectangular/square color application blocks using the extracted colors.

Place the original EVIX logo accurately inside each application. On dark backgrounds, convert only the dark/black logo elements to WHITE for visibility while keeping all RED elements exactly RED. On light backgrounds, retain the original black and red logo. Do not alter geometry, typography, proportions or spacing.

Use subtle realistic depth, soft shadows, precise rounded corners, perfect alignment and generous negative space. A4 portrait, HD, ultra-detailed, professional brand identity guideline.

PAGE 03 — Exterior 3D Signage

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 03, using the uploaded EVIX logo as the exact and exclusive reference.

The entire page must focus on ONE SINGLE HERO IMAGE. Show the EVIX logo as a highly realistic 3D brand application on a large professional flex/signage board installed outside a modern premium company office or commercial building.

The logo must look physically mounted/printed on the signage, not digitally pasted. If placed on a dark/black signage background, convert the dark/black elements to WHITE for visibility while keeping all RED elements exactly RED. Do not change geometry, typography, proportions, spacing or symbol.

Create a photorealistic premium architectural scene with modern corporate building, dark glass and metal architecture, realistic signage material, natural/cinematic lighting, accurate shadows, reflections, physical 3D depth, believable perspective, mounting structure, landscaping and realistic entrance/lobby.

No multiple mockups, collage, grids, duplicate logos or unnecessary text. A4 portrait, HD, ultra-realistic, premium architectural photography.

PAGE 04 — Letterhead 3D Mockup

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 04, using the uploaded EVIX logo as the exact and exclusive reference.

Show the EVIX logo applied to a premium corporate LETTERHEAD in a highly realistic 3D stationery mockup. The letterhead should be a professionally designed A4 business document placed naturally on a premium desk surface.

Show realistic high-quality paper texture, subtle paper thickness, natural shadows, embossed/printed logo appearance, realistic lighting, premium desk surface, professional black pen, elegant stationery elements, subtle depth of field and realistic reflections.

Keep the EVIX logo 100% identical to the uploaded reference. Use the original black + red logo on the white letterhead. The layout should be minimal and corporate, with logo at the top, refined typography, contact details, date, body text and signature area.

The overall composition should look like a real professional stationery photograph, not an AI-generated mockup. A4 portrait, HD, ultra-detailed, photorealistic 3D stationery mockup.

PAGE 05 — Rounded Brand Elements + Website

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 05, using the uploaded EVIX logo as the exact and exclusive reference.

Show how the same EVIX identity can be extended into modern rounded-corner brand elements. Create a sophisticated dark-theme guideline page containing premium rounded rectangular and square panels.

Show: PRIMARY LOGO, MONOGRAM SYMBOL, APP ICON, ICON MARK, SHAPE & SHADOW, ROUNDED BRAND FORM, and WEBSITE / DIGITAL INTERFACE PREVIEW.

All applications must use the same EVIX logo and symbol language. Do not redesign, distort or change proportions. On dark backgrounds, convert dark/black elements to WHITE while keeping all RED elements exactly RED.

For the website preview, create a realistic modern EVIX corporate website interface using the same brand identity, typography style and black/white/red palette. Use premium rounded corners, realistic soft shadows, subtle 3D depth, glass/matte surfaces, precise spacing and consistent alignment. A4 portrait, HD, ultra-detailed, premium digital brand identity presentation.

PAGE 06 — T-Shirt & Bag Brand Applications

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 06, using the uploaded EVIX logo as the exact and exclusive reference.

Show the EVIX brand identity applied to premium physical merchandise. The primary focus should be on realistic branded BLACK T-SHIRT, TOTE BAG and BACKPACK. Supporting applications such as cap, mug or lanyard may be included if they fit naturally.

Use the exact EVIX logo without redesigning, simplifying, distorting or changing proportions. For black/dark merchandise, convert dark/black logo elements to WHITE while keeping every RED element exactly RED. For light merchandise, retain original black + red logo.

Make the logo look physically printed, embroidered, screen-printed or professionally applied, with realistic texture, folds, stitching, shadows and reflections. Create a sophisticated dark studio environment with premium lighting and subtle depth of field. A4 portrait, HD, photorealistic, ultra-detailed, premium corporate merchandise mockup.

PAGE 07 — Logo Concept / Story Behind the Design

PROMPT

Create a premium A4 portrait Brand Identity Presentation — PAGE 07, explaining the design concept and visual thinking behind the uploaded EVIX logo.

Use the uploaded logo as the exact and exclusive reference. Explain what inspired the logo and what the visual elements communicate.

Main concept: the EVIX identity represents MOVEMENT, ENERGY, PROGRESS, INNOVATION and a CLEANER, SMARTER FUTURE. Explain the symbol through concise visual storytelling: radial symbol = movement and continuous energy; dynamic shapes = forward motion and progress; red element = energy, passion and innovation; dark/black elements = strength, stability and reliability; overall form = growth, direction and continuous movement; EVIX wordmark = modern, bold and future-ready identity.

Create a sophisticated visual concept board containing large EVIX logo, short concept paragraph, inspiration visuals related to movement/energy/speed/innovation, symbol meaning, geometric construction, key brand values and premium 3D interpretation of the symbol.

Do not invent or redesign any logo element. Use dark charcoal/black theme with white/gray typography and restrained red accents. A4 portrait, HD, ultra-detailed, premium editorial brand presentation.

PAGE 08 — Final Thank You / Brand Vision

PROMPT

Create a premium A4 portrait final Brand Identity Presentation — PAGE 08, as the closing THANK YOU page for the EVIX brand identity project.

The goal is to communicate the ambition of building EVIX into a strong, memorable and future-ready brand. Use the uploaded EVIX logo as the exact and exclusive reference.

Create a cinematic, premium and aspirational composition with the EVIX logo prominently displayed. Main headline: THANK YOU. Supporting message: FOR BEING A PART OF THIS JOURNEY.

Create a powerful visual representing ambition, progress and reaching new heights, such as a cinematic mountain/summit environment with a premium EVIX branded flag or architectural brand installation. Communicate progress, growth, innovation, stronger brand identity, a cleaner future, a smarter tomorrow and long-term brand vision.

If the logo appears on a dark/black surface, convert only dark/black elements to WHITE while keeping every RED element exactly RED. Do not redesign or distort the logo.

At the bottom center include a sophisticated handwritten-style signature: VikDesign, with a premium "With Gratitude" presentation. Keep the page elegant, emotional, cinematic and premium without becoming overcrowded. A4 portrait, HD, ultra-detailed, photorealistic, cinematic, premium corporate branding presentation.
